

ABHIJEET RAJENDRA KULKARNI

Software Developer | Java | Spring Boot | Microservices | React | Cloud & DevOps
LinkedIn: [linkedin.com/in/abhijeet-kulkarni-11bb0b197/](https://www.linkedin.com/in/abhijeet-kulkarni-11bb0b197/) | GitHub: github.com/abhirk12

PROFESSIONAL SUMMARY

Software Developer with hands-on experience building and deploying full-stack applications using Java, Spring Boot, Spring Security, REST APIs, React.js, MySQL and microservices. Experienced with Docker, Jenkins, Kubernetes and Google Cloud Platform (GCP) for containerized application deployment and delivery. Strong foundation in object-oriented programming, data structures and algorithms, databases, web development and DevOps practices.

TECHNICAL SKILLS

Languages: Java, C++, Python, JavaScript, SQL

Backend: Spring Boot, Spring Security, REST APIs, Hibernate/JPA, J2EE

Microservices: Microservices Architecture, Spring Cloud Gateway, Netflix Eureka, JWT Authentication

Frontend: React.js, HTML, CSS

Databases: MySQL

Cloud & DevOps: Google Cloud Platform (GCP), Docker, Kubernetes, Jenkins, Git, GitHub

Development Practices: Agile/Scrum, Jira, CI/CD, Containerization

PROJECTS

Easy Travel Planner | Java, Spring Boot, Spring Security, React.js, MySQL, Microservices, Docker, Jenkins, Kubernetes, GCP

- Developed a scalable bus booking system using microservices architecture for online ticket booking and management.
- Designed independent services for authentication, user management, package management and administration.
- Integrated Spring Cloud Gateway and Netflix Eureka for API routing and service discovery.
- Implemented JWT-based authentication and secure REST APIs using Spring Security.
- Containerized the application using Docker and deployed the application on Google Cloud Platform (GCP) using Kubernetes.
- Used Jenkins for CI/CD automation and deployment workflow.
- Used MySQL for persistent storage and React.js for the user interface.

Repository: github.com/D6ETP/Project.git

Student Placement Management Portal | Java, Spring Boot, Spring Security, React.js, MySQL

- Built a centralized placement platform for students, recruiters and placement officers.
- Implemented student profiles, resume uploads, job applications and application-status tracking.
- Developed recruiter workflows for job posting, candidate shortlisting and recruitment-drive management.
- Implemented JWT authentication with Spring Security and persistence using Hibernate/JPA and MySQL.

PROFESSIONAL EXPERIENCE

Alkyl Amines Chemicals Ltd. | Purchase Engineer

18 Aug 2025 – 08 Nov 2025 — Managed procurement of brought-out and fabricated items required for chemical plant projects.

Interval Poonawalla Pvt. Ltd. | Purchase Engineer (GET)

31 Jul 2024 – 31 Jul 2025 — Used SAP for purchase-related management of industrial valve manufacturing brought-out items.

Japtech Engicorp Pvt. Ltd. | QC Engineer

01 Oct 2023 – 01 Jul 2024 — Performed quality-control activities for fabrication manufacturing.

EDUCATION

PGCP-AC (Advanced Computing) | C-DAC | Feb 2026 batch

B.Tech, Mechanical Engineering | Vishwakarma Institute of Information Technology, Pune | Savitribai Phule Pune University | 2023 | 80.27%

Class XII, Science | Tripura Junior Science College, Latur | Maharashtra State Board | 2019 | 66.00%

Class X | Shivaji Madhyamik Vidyalay, Ausa | Maharashtra State Board | 2017 | 86.40%

CERTIFICATION & ACADEMIC HIGHLIGHTS

- Programming for Everybody (Getting Started with Python) — Technical Certification.
- PGCP-AC total theory score: 255/320 (79.69%).
- Strong module performance in C++, Algorithms & Data Structures with Java, Database Technologies and Web-based Java Programming.
